Using the P832-ICON Keypad

The P832-ICON works similarly to the other keypads described in your system’s Instruction Manual. For more information on individual functions, see your system’s Instruction Manual.

Viewing Open Zones
Before you can arm your system, all the zones must be closed. If some zones are currently open, the keypad will display “Open”, and the Ready light will be off. To see the numbers of the open zones, press ②. Before you try to arm your system, go to the open zones and close all doors and windows, and make sure no one is present in zones with motion detectors.

Viewing Zones in Alarm
If there is an alarm on your system the keypad will display “Alarm” and will scroll the numbers of the zones affected.

System Functions - Quick Reference

Using the P832-ICON Keypad

The P832-ICON keypad shows the status of your security system using an LCD-style display, along with fixed words and numbers.

This instruction sheet describes the basic features of the keypad. For more detailed information on your security system and how to use it, please read your system’s Instruction Manual.

Important Note: Test system weekly and have any system trouble conditions corrected by your alarm installer.
